*Memorandum*

DATE: 9 August 1965

FROM : DD/S&amp;D

SUBJECT: [REDACTED] 25X1A

25X1A 1. I note [REDACTED] concern about technical depth  
but also recognize that [REDACTED] is repeating an interview  
25X1A made by [REDACTED] with the intent of using this man for research  
25X1A purposes. Several possibilities come to mind. He is willing  
25X1A to take an overseas assignment and is sufficiently mature in  
25X1A terms of age so that [REDACTED] might be a possibility so far as  
[REDACTED] concerned; he might be a reasonable sort of guy for  
assignment there. He also might fit into the [REDACTED]  
operations.

2. Frankly, I don't see a whole lot but, at the same time,  
I think that people of his background are sufficiently unique  
so that a good hard look is well worth while.
